This website aims to conform to:

[W3C Web Content Accessibility Guidelines priority 1, 2, and 3 guidelines](#)

[XHTML 1.0](#)

[CSS 2.0](#)

- This site has been created with a combination of HTML and CSS, and is designed to be accessible without styling.
- All informational images have an ALT description.
- Links have been written to make sense on their own and the title tag has been used to expand on this where needed.
- This website has been tested in all modern browsers on PC, Linux and Mac

Resizing text

You can resize the text by using the resize links at the top of each page. Alternatively, you can change the size of text in each browser...

Internet Explorer: View > Text size > Largest

Firefox: View > Text size > Increase

Opera: File > Preferences > Fonts > Minimum font size (pixels)

Alternatively, you can scroll the mouse-wheel while pressing the control key.
