
If I lived in C.A.S.S. accommodation could I bring my own stuff (furniture)?

The accommodation C.A.S.S. provides is mostly fully furnished although some flats are only partly furnished. By fully furnished we mean the property includes all the furniture, bedding, kitchen crockery and cutlery. The accommodation is ready to move into – all you need are your own clothes and toiletries. Some of the rooms are large enough if you want to bring some of your own furniture but this would need to be agreed with the local office.

In partly furnished accommodation we may only provide a bed, cooker, fridge and carpets – you would need to ask - but we may also be able to help with other items of furniture.
